Major Frank M. Dixon of Birmingham took a commanding lead in the race for Governor and the Democratic candidate with Crimson Sparks and R. J. Goode running close for second place.

In the race for Congress

of which James F. D. Sasser and District Congressman Henry Sparks had both opponents James Polson and J. Hubert Farmer ran a close race.

More than 3,600 coffee county voters participated in the primary to make it one of the most interesting in many years. John D. Wilson, independent delegate, was elected to a close race for county sheriff.

In the race for tax collector, the incumbent, A. J. Morrow defeated his opponent, J. Ed Morris, by a majority. This will run about 300 votes. In the tax assessor's race, W. H. Edmunds received a slight lead against Carl Moody. Grid Hill, Grant and Rapids and the heat-searing July sun. They can all be readily raised, though.

In driving over the county the past two or three days, I have noticed some real good stands of cotton and corn. I know most farmers were happy over the fact that we had a big rain last week right after the bulk of our crops had been planted, because heavy rains cover some too deeply, therefore, we have to wait and leave a lot of the fertilizer. Good stands are necessary to get high yields of cotton, corn and peanuts. If the weather conditions are good, and if no seed have been planted, we will certainly have some real good stands of crops in our county.

A program of ad valorem tax reduction, to be felt in every county in Alabama, was announced yesterday by the State Revenue Department in Montgomery.

Rainer has made one trip to Greensboro, N. C. in the interest of getting an Association.

Mr. Rainer said that a Savings and Loan Association will be used to build Coffee county.

A Savings and Loan Association makes primarily long-term loans on homes and is not in competition with local banks.

Officers Trip—

Two years ago, a group was started to reward the group of boys and girls who did the best in the year.

The Home Agents will have a day in selecting a group of boys and a group of girls in the Senior group, who have done the best.

Last year, the Boys' officers won the trip to Panama City and had a delightful time at the beach. In a few days, we expect the winners are for both the junior and senior groups. We plan to take the Junior boy and girl officers on a trip to Lake Geneva sometime in June.

Throughout the year, this program has been sponsored by the late Arthur, Will and Ben Brunson and the last seven at 8 p.m. falls.

Those attending the 1959 reunion will have a day in selecting a group of boys and girls to represent the area and represent one of the largest and most prominent families of South Alabama.
